Program overview

Effective school leaders are a key differentiator for schools. Schools who have leaders with vision, agility, and expertise can be quickly identified as the top schools in their sector. As your knowledge of leadership increases, so does your understanding of what is needed to be a successful school leader. Through this workshop, you will gain leading-edge skills, reflecting the distilled essence of high-performing school leadership in a practice-based engaging format.

Who should attend? This program is for anyone interested in becoming an effective school leader. Whether you're new to the role or just want to fine-tune your skills, this program will help you do just that! You'll leave this program with powerful tools for success - not only as a great leader but also as an intelligent learner!

Your learning will be based on the latest research in learning and leadership. The program teaches techniques for effectively leading the learning process required by every school. In addition, by combining the Knowledge Innovation Leadership Program for schools with College membership, you will also gain a diploma and further enhance your network identity as a leader with a great aptitude for learning leadership.

Details

This program is modular in nature, so you can pick up where you left off - at your convenience. The six modules will help you enhance your learning leadership and staff learning development capabilities. At the successful completion of the program, and after a one-day forum, you will be eligible to receive the Diploma of Learning Leadership (Knowledge Innovation Leadership). The forum is a great way to interact with other professionals with similar experiences and exchange insights and advice.

Program modules:

1. Knowledge diversity
2. Following the knowledge frontier
3. Acquiring knowledge for foresight
4. Strategic knowledge
5. Knowledge innovation frameworks
6. The learning psychology of leaders

Six individual workshops are delivered for each module (the diploma comprises 36 workshops in total). The workshops run for three hours and are delivered at the college headquarters at 440 Collins Street. Each module can be used for 36 CPD hours of training; and the price of each module is \$4000 per participant. If you:

- have any questions about modules
- would like to receive a summary of the individual three-hour workshops for each module
- would like to know when the next module is scheduled
